Church@Home - When church is everywhere

«Church is not a building - church is people». This motto has guided us in our work for many years, so it is not surprising that over 1,800 people of all ages are part of a GvC Group. These groups are the core of our church - they are what makes our church what it is. And it is precisely in times like these that we experience how important it is to be on the road together. Church lives in many forms.

With the latest developments around the spread of the Corona virus and the restrictions by the Swiss Federal Council, our focus is shifting back to alternative ways of being a church - more decentralized, digital and yet just as alive. We remain true to our vision: «We want to see how people from all generations, social classes and cultural backgrounds encounter God and see their lives flourish».

Livestream

The livestream service on Sundays at 10.30 a.m. is a digital meeting place. There we gather, encourage and inspire each other and expect to encounter God in our homes. In addition, we already have some ideas how we can adapt our digital offer even better to the circumstances in the coming weeks.

Families

In order to help families with smaller children to live the faith at home and to celebrate church services, we support you with new content every week. We have learned a lot from the experiences of spring and offer you with enough material for exciting family times. You can find more online: <https://family.gvc-winterthur.ch/>.

Events

As our events are extremely versatile, it is worthwhile to have a regular look at our website (<https://www.gvc-winterthur.ch/Agenda>). The agenda is always up to date and contains all important information about the implementation and conditions of the various events. We keep you up to date.

«They devoted themselves to the apostles' teaching and to fellowship, to the breaking of bread and to prayer... Every day they continued to meet together in the temple courts. They broke bread in their homes and ate together with glad and sincere hearts.»
